

Agenda, May 2, 2018 Facilities and Grounds Agenda Items (Tentative)

APWA's Facilities and Grounds Mission Statement:

The mission of the Facilities and Grounds Committee of the APWA is to provide APWA members with the resources for exchanging and developing ideas, information, skills, knowledge, and technologies for the operation, management, and maintenance of public buildings, grounds, and parks. The committee also recommends and advances APWA policies and positions concerning public facilities and grounds issues.

Recognize that often, when citizens are asked to define public infrastructure, they mention roads, bridges, water, wastewater and schools. The majority of the general public, to include our community leaders, forget that our public buildings are also a part of America's failing infrastructure.

1. Welcome and Introductions (5 minutes)

Hagop Arslanian Sr. MBA,ME/ES
