

Registered SWPPP Writer (RSW)

Registered SWPPP Reviewer (RSR)

The purpose of the RSW/RSR program is to establish a professional standard and uniform quality of stormwater SWPPP preparation and execution in The State of Utah. The instruction and examination are the same for both the RSW and RSR classes. The difference between the two registrations is the education component required for each class.

RSW and RSR requirements are recognized by USWAC and UDEQ-DWQ. The class will include:

1. Recognized/Approved curriculum, program training, and cost
2. Recognized and qualified RSW/RSR Trainers

Initial Registration (2 year period)

1. Classroom Instruction (using USWAC subcommittee approved curriculum)
 - a. 12 hours instruction including exam – 70% passing score required
 - b. Cost \$225
2. Prequalification
 - a. 10 CGP SWPPPs (Written or Reviewed)
 - b. Working knowledge of current Construction General Permit (CGP)
 - c. Working knowledge and understanding of BMP's
 - d. Working Knowledge of the Common Plan of Development (CPoD)
 - e. Knowledge of Federal, State, and Local land development permits
3. Certifying Examination
 - a. 70% passing score required.
 - b. Test may be retaken within 1-year time frame of the original class and test.
 - c. Applicants will not be registered until they pass the exam and have completed all requirements listed above.
 - d. RSW Applicant certifies they have an Associates degree or higher in Engineering or related field.
 - e. RSR Applicant certifies they have a High School diploma or equivalent.

Applicants not passing the exam within the 1-year time limit are required to restart the Registration process.

Continuing Registration

Requirements to maintain the RSW or RSR Registration are:

1. Minimum of 10 formal documented written or reviewed SWPPPs conducted over the 2 year registration period.
2. 10 hours of Continuing Education in Storm Water approved courses over 2 year period.
3. Payment of \$50 registration fee.
