## Mission Statement

The Utah Storm Water Advisory Committee will coordinate efforts to reduce stormwater pollution and provide adequate flood control. The committee will jointly review governing regulations, disseminate information to enhance compliance with those regulations, promote effective stormwater management training, and assist local municipalities and other interested parties to implement best management practices, consistent with their individual needs and resources. The committee will also review any proposed stormwater regulations to assess potential impacts on the regulated community.

## REGULATION & UPDATES

### 4. State of Utah Updates

- **Jeanne Riley:**
  - Staffing changes mentioned in January reintroduced and reiterated
  - Linsey Shafer (new 401 water certification coordinator and permit writer for dewatering and groundwater treatment)
    - Contact information: [lrshafer@utah.gov](mailto:lrshafer@utah.gov) cell # 385-405-4158
  - David Smith (new construction stormwater coordinator)
  - The state is in early stages of transferring dewatering permits and annual MS4 reports to the EPANet platform. The state will keep the USWAC community informed as that develops and becomes operable.
  - Please let Dawn Barbee know what training the USWAC community would like to see from the state at USWAC meetings.
- **Kelsee York:**
  - Jordan River TMDL set to be approved on 2/11/2023. A stakeholder draft will be sent out shortly after for review. After review period, it will be put out for public notice.
  - Coalitions are welcome to invite Kelsee to attend their meetings.
  - When setting up MS4 access accounts in EPANet, check spam folders for a Customer Retrieval Key (CRK) key. This is required for setting up accounts and often gets trapped in email spam folders. This key must be utilized to complete the process. If encountering additional problems, contact Kelsee.
- **Carl Adams:**
  - Group 5 for sectors in the MSGP came off public notice at the beginning of the year and are in effect for the next year. All sectors will be renewed next year for a full five-year term.
